*This event is Free to all that attend.*

***Location: Rye Patch State Recreation Area***

**2505 Rye Patch Reservoir Rd, Lovelock, NV 89419**

**Celebrate Nevada's Mining History.**

On the 25th of September, the Nevada State Parks Department (Rye Patch State Recreation Area), GPAA of Northern Nevada Reno, American Mining Rights Association (AMRA), Reno Prospecting & Detecting Club and the Reno Gem & Mineral Society will be hosting a one-day free metal detector hunt. All that attend can take part in a planned metal detector hunt for prizes, see demonstrations and get hands-on instruction, hear knowledgeable speakers, and practice the art of mining for gold & treasure in an ecological sound method. All adults must have their own metal detector; detectors for children will be provided. Simply pay the State Parks entrance fee and be ready to have fun. Take the short ride east from Reno on Interstate 80 to Rye Patch State Park. Food will be available for purchase at the event. September 26 will be an open day to explore the park and surrounding area.
